Section 1 – Chemical Product and Company Identification

Product Name: NuPro™ Seed Treatment
Other Names: YEA® for Seeds, YEA® for Trees, YEA® for Crops, ODC Professional Foliar & Irrigation™, ECOSEED™, ODC Home & Garden™, YEA® Seed Coating: Corn, YEA® Seed Coating: Soybean, YEA® Seed Coating: Wheat, YEA® Seed Coating: Sugar beet, YEA® Seed Coating: Potato, YEA® Seed Coating: Vegetables, NuPro™ ST, NuStar™, WinSar™, EXCEED™ SAR Plant Defense Booster
CAS #: 9012-76-4
EPA Reg. #: 91439-1
Product Use: Insecticide
Company Identification: Ag NuBio Inc.
11125 N. Ambassador Dr. STE. 120
Kansas City, MO 64153

Chemtrec call: 800-424-9300
Emergency call: 1-800-222-1222

Section 2 – Hazards identification
Classification of substance:

GHS07
Harmful if inhaled
Causes eye irritation

GHS labeling elements:
The substance is classified and labeled according to the Globally Harmonized System (GHS):

GHS07
Signal Word: Warning
Hazard-determined components of labeling: Chitosan
Hazard statements:
Harmful if inhaled
Cause eye irritation
Ag NuBio Inc.
SAFETY DATA SHEET

NuPro™ ST Seed Treatment
Version 1/USA
May be harmful in contact with skin
May be harmful if swallowed

Precautionary Statements:
Prevention: Avoid breathing mist spray.
Use in a well-ventilated area.
Wash hands thoroughly after handling.

Response:
If Inhaled: Remove person to fresh air and keep at rest in a position comfortable for breathing. Wash contaminated clothing before reuse. Call a poison center or doctor/physician if you feel unwell.
If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical advice/attention.
If Swallowed: Call a poison center or doctor/physician if you feel unwell.
If on Skin: Remove all contaminated clothing. Rinse with water. If skin irritation occurs seek medical advice/attention.

Disposal: Dispose of contents and containers in accordance with local, regional, federal and international regulations.

Section 4 – First Aid Measures

<table>
<thead>
<tr>
<th>Symptoms</th>
<th>The material is not a significant health hazard when used according to our instructions. Small quantities entering the eyes, may be slightly irritating; small quantities entering the mouth or being swallowed are not considered to be significant. The material may dry the skin if chronic (daily exposures) are encountered.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Eyes:</td>
<td>May cause irritation do not rub eyes. Hold eye open and rinse slowly and gently with for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.</td>
</tr>
<tr>
<td>Skin:</td>
<td>Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes.</td>
</tr>
<tr>
<td>Inhalation:</td>
<td>May cause irritation. Remove to fresh air. If a person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.</td>
</tr>
</tbody>
</table>
Section 5 – Fire Fighting Measure
Extinguishing media: Use dry powder or sand, carbon dioxide, water fog, foam, halogenated agents, or appropriate surrounding fire and materials. Avoid use of water jets for extinguishing. Using dry chemical, foam or carbon dioxide extinguishing media.

Fire and Explosive Hazards: Non-flammable liquid.
Special fire fighting procedures: Fireman should wear complete fire protection clothes and shoes. Evacuate nonessential personnel from the area to prevent human exposure to fire.

Reference to other sections:
See Section 10 for decomposition products.

Section 6 – Accidental Release Measures

Personal precautions, protective equipment and emergency procedures: Wear approved protective clothing. Allow work against the wind and remove all people upwind.

Environmental precautions: Not known

Methods and material for containment and cleaning up:
In case small leak or spill: contain material using sand or other non-combustible or other absorbents to absorb spill, and dispose as waste.
In case large leak or spill: Wear appropriate protective clothing and wear nitrile (household) gloves. Shut off source of leak. Material can be disposed using city sanitary sewers.

Reference to other sections:
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

Section 7 – Handling and Storage

Handling
Precautions for safe handling: Do not inhale the steam prolonged or repeated. Use product only in well-ventilated place. Do not inhale the steam prolonged or repeated. Users should wash hands before eating and drinking. Do not contaminate water, food, or feed by storage. Standard household ventilation should be adequate to control human exposures to this product.

Conditions for Safe Storage, including any incompatibilities
Storage: Do not contaminate water, food, or feed by storage. Keep container closed when not in use. Avoid contact with water.

Requirements to be met by storerooms and receptacles: Do not store near food or feed. Protect from freezing.
Section 8 – Contact Controls and Personal Protection

Max allowed concentration: No Data
Way of measurement: No Data
Engineering Control: Use adequate ventilation to keep risk of inhalation low.

Personal Protection
Respirators: Not normally needed for this product when diluted in water for end-use application.
Eyes: Wear appropriate protective eyeglasses or chemical safety goggles such as splash resistant safety goggles with a secondary protection face shield, although not normally needed.
Body: Wear appropriate chemical resistant overalls and rubber boots and rubber gloves.
Hands: Wear appropriate gloves when needed, such as nitrile.

General protective and hygienic measures: Discard clothing other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Wash contaminated clothing before reuse. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. No smoking, eating or drinking during handling. Change to clean clothes after washing.

Section 9 – Physical and Chemical Properties

Information on basic physical and chemical properties
General Information:
Appearance and Physical State: Fluid, slight odor
Color: Light yellow-brown
pH Value: 5-7
Viscosity: Not available
Vapor Pressure (25 °C): 121 mmHg
Melting point: liquid at room temperature
Boiling Point: 100°C
Specific Gravity: 1.07 g/cc @ 25°C
Comparative concentration (water: 1): Not available
Quantity of heat in burning (KJ/mol): Not available
Density (g/cm³): 1.8 at 24°C
Critical pressure (Mpa): Not available
Critical temperature: Not available
Flash point (C): None
Flammable Limits: None
Autoignition Temperature: None
Burning temperature (C): Not available
Ag NuBio Inc.
SAFETY DATA SHEET

NuPro™ ST Seed Treatment
Version 1/USA

Explosion: None
Partition Coefficient: Not available
Solubility: Soluble in water

Section 10 – Stability and Reactivity

Chemical Stability: This material is stable at the normal storage conditions.
Incompatible to Avoid: None expected
Conditions to Avoid: Not available
Decomposition Products: None expected
Hazardous Polymerization: Will not occur
Reference to other sections:
See Section 5 for static discharge potential

Section 11 – Toxicological Information

Acute Toxicity:
LD/LC50 values that are relevant for classification:
Eyes: Moderate Irritant
Oral: LD$_{50}$ > 5,000 mg/kg
Inhalation: LC$_{50}$ > 2 mg/L
Dermal: LD$_{50}$ > 5,000 mg/kg
Primary irritant effect:
On eyes: Minimally irritating to the eye
On the skin: Slight irritating to skin. Irritation can develop following repeated and/or prolonged contact with human skin.
Respiratory sensitization: Single exposure to mist is not likely to be hazardous. Vapors are unlikely due to physical properties.
Skin Sensitization: Product is not considered a contact sensitizer.
Germ Cell Mutagenicity: The chromosome aberration test was negative.
Carcinogenicity: This product has negative Ames test results.
Reproductive Toxicity: Not available
STOT-Single Exposure: Not available
STOT-Repeated Exposure: Not available
Aspiration Hazard: Not available

Section 12 – Ecological Data

Eco-toxicity: Not an environmental toxin
Water Pollution Control Act: Not determined
Waste Disposal: Do not contaminate water, food, or feed by disposal. Dispose of waste in city sewer system. Improper disposal of excess pesticide, spray mixture, or rinsate is violation of Federal Law.

Container Disposal: Do not distribute, make available, furnish or reuse empty containers. Triple rinse (or equivalent), then offer for recycling or reconditioning if container reuse is permitted. If container reuse is prohibited, puncture metal containers and dispose of in a sanitary landfill, or by other approved State and local authorities, If burned, stay out of smoke.

Section 14 – Transport Information

Proper Shipping Name: environmentally hazard substance liquid, NOS (chitosan)
Hazard Class or Division: Class 9
Identification Number: UN 3082
Packaging Group: III

Section 15 – Regulatory Data

TSCA (Toxic Substance Control Act) Regulations, 40 CFR 710: This product is a pesticide and is exempt from TSCA regulation.

CERLA and SARA Regulations (40CFR 355, 370, and 372): This product does not contain any chemicals subject to the reporting requirements of SARA Section 313.

NIOSH/RTECS: unknown (FM6125000)
German MAKL: None
NIOSH REL: None
ACGIH TLV: None
OSHA PEL: None

### FIFRA Classification:

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also included other important information, including direction for use. Following is the hazard information as required on the pesticide label:

**CAUTION**

Cause moderate eye irritation
Avoid contact with eyes
Wash thoroughly with soap and water after handling

### GHS labeling elements:

The substance is classified and labeled according to the Globally Harmonized System (GHS):

**Hazard pictograms:**

![GHS07]

**Signal Word:** Warning
NuPro™ ST Seed Treatment

Version 1/USA

Hazard-determined components of labeling: Chitosan

Hazard statements:
Harmful if inhaled
Cause eye irritation
May be harmful in contact with skin
May be harmful if swallowed

Precautionary Statements:
Prevention: Avoid breathing mist spray.
Use in a well-ventilated area.
Wash hands thoroughly after handling.

Response:
If Inhaled: Remove person to fresh air and keep at rest in a position comfortable for breathing. Wash contaminated clothing before reuse. Call a poison center or doctor/physician if you feel unwell.
If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical advice/attention.
If Swallowed: Call a poison center or doctor/physician if you feel unwell.
If on Skin: Remove all contaminated clothing. Rinse with water. If skin irritation occurs seek medical advice/attention.
Disposal: Dispose of contents and containers in accordance with local, regional, federal and international regulations.
