NuPro™ ST Seed Treatment Agricultural Use

NuPro™ is a trademark of Ag NuBio™, Inc.

When used as directed on this label, NuPro™ ST can boost seed germination and vitality, including the suppression of parasitic nematodes. It stimulates emergence and sprouting, enhances plant vigor, promotes root growth, promotes foliar growth, increases crop yields, improves crop vigor and quality, suppresses diseases and pathogens, activates plant resistances to environmental stress, drought, and disease pressures, including the suppression of parasitic nematodes.

Precautionary Statements

HAZARDS, TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after exposure.

ENVIRONMENTAL HAZARDS
Do not apply directly to water, or to the banks or drainage areas of ditches or other bodies of water, or to surface waters or to any area where there is a likelihood of surface runoff.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Applicants and other handlers must wear: Long-sleeved shirt, long pants, waterproof gloves, protective eyewear, and shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE.

DIRECTIONS FOR USE
It is a violation of federal laws to use this product in a manner inconsistent with its labeling. To prevent contamination of the seed solution of NuPro™ ST by possible pesticide or other chemical residues in the spraying equipment, use dedicated equipment, or be sure that the equipment is thoroughly clean before use.

AGRICULTURAL USE REQUIREMENTS
Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. In addition, products may be registered with state, territorial, and local authorities to use under conditions that differ from those stated in the Federal label.

GENERAL INSTRUCTIONS
Shake before using. Follow specific crop instructions for dilution rates and application usage. Do not apply within three days of harvesting. For best results use neutral (pH 6.5 to 7.3) water.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool dry place, away from sunlight and out of the reach of children and pets. Do not reuse container.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Type-A(pesticide) container. Do not reuse or recondition this container. For recycling, if available. Triple rinse container (or equivalent) promptly after emptying. (For product less than 5 gallons) Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drain. Fill the container ¼ full with water and recasp. Shake for 10 seconds. Pour container into equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after flow begins to drain. Repeat this procedure two more times. An empty container retains vapor and product residue. Observe all labeled safeguards until container is cleaned, reconditioned or destroyed. Completely empty contents into formulation equipment. Then for recycling or reconditioning or dispose of container in a manner approved by state and local authorities.

AGRICULTURAL USE REQUIREMENTS
NuPro™ ST is a seed treatment product for use on grasses, grains, legumes, vegetables, herbs, trees, shrubs, flowers, ornamentals, fruit trees, and vines. Ag NuBio, Inc. warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for its intended purposes.
